Neurology in General Practice: Pocketbook G David Perkin FRCP

Neurological dysfunction often presents first to the general practitioner. In this concise pocketbook, the authors explore the range of neurological disorders, including epilepsy, stroke, migraine and tension headache, Multiple Sclerosis, delirium and Parkinson's disease. Each is fully profiled, with a discussion of common symptoms and courses of treatment. Since Neurology in General Practice is compact and easy-to-follow, it can serve as a quick and accessible reference for non-specialists.
