The Cambridge Companion to The Communist Manifesto (Cambridge Companions to Philosophy)

The Cambridge Companion to the Communist Manifesto covers the historical and biographical contexts and major contemporary interpretations of this classic text for understanding Marx and Engels, and for grasping Marxist political theory. The editors and contributors offer innovative accounts of the history of the text in relation to German revolutionaries, European socialism, and socialist political projects; rhetorical, dramaturgical, feminist and postcolonial readings of the text; and theoretical analyses in relation to political economy, political theory and major concepts of Marxism. The volume includes a fresh translation into English, by Terrell Carver, of the first edition (1848), and an exacting transcription of the rare earliest English translation (1850) by Helen Macfarlane.
