The Pilot's Manual: Multi-Engine Flying (Kindle edition): All the aeronautical knowledge required to earn a multi-engine rating on your pilot certificate (The Pilot's Manual Series) Mark Dusenbury, Shayne Daku, Robert Laux

This is the Kindle edition of this title.

Multi-engine flying opens up new opportunities to utilize an airplane for personal or professional transportation, allowing you to cruise faster, carry more passengers or cargo, and in most cases, fly higher and in greater comfort. With this enhanced capability comes an increased complexity in the aircraft systems, their operations and performance, and pilot decision-making.

The Pilot's Manual: Multi-Engine Flying covers the differences between these aircraft and their single-engine counterparts, providing detailed instruction on systems, aerodynamics, and performance. With reference to the most widely flown light twin training aircraft, the authors cover everything needed for pilots to earn a multi-engine rating using real-world scenarios and examples.

Each chapter details the objectives and key terms involved, with descriptions of the systems supported with full color illustrations, an overview of how the pilot interacts with the systems during aircraft operations, and possible emergencies specific to those systems. Review questions conclude the chapters to deepen understanding and apply the material. Tying together systems knowledge, checklist protocol, and aeronautical decision making as taught in this book, a multi-engine pilot can be confident of achieving mastery of the aircraft.

From reader reviews:

Frances Carpenter:

Have you spare time for just a day? What do you do when you have far more or little spare time? Sure, you can choose the suitable activity intended for spend your time. Any person spent their spare time to take a move, shopping, or went to the Mall. How about open or maybe read a book eligible The Pilot's Manual: Multi-Engine Flying (Kindle edition): All the aeronautical knowledge required to earn a multi-engine rating on your pilot certificate (The Pilot's Manual Series)? Maybe it is to become best activity for you. You know beside you can spend your time together with your favorite's book, you can more intelligent than before. Do you agree with the opinion or you have some other opinion?

Kermit Diaz:

People live in this new time of lifestyle always try and must have the extra time or they will get great deal of stress from both way of life and work. So , if we ask do people have spare time, we will say absolutely of course. People is human not only a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to you actually of course your answer will probably unlimited right. Then do you try this one, reading textbooks. It can be your alternative inside spending your spare time, the particular book you have read is The Pilot's Manual: Multi-Engine Flying (Kindle edition): All the aeronautical knowledge required to earn a multi-engine rating on your pilot certificate (The Pilot's Manual Series).

Linda Christopher:

You are able to spend your free time you just read this book this reserve. This The Pilot's Manual: Multi-Engine Flying (Kindle edition): All the aeronautical knowledge required to earn a multi-engine rating on your pilot certificate (The Pilot's Manual Series) is simple to create you can read it in the recreation area, in the beach, train in addition to soon. If you did not get much space to bring often the printed book, you can buy the e-book. It is make you easier to read it. You can save typically the book in your smart phone. Consequently there are a lot of benefits that you will get when you buy this book.

Charles Stubblefield:

Beside this specific The Pilot's Manual: Multi-Engine Flying (Kindle edition): All the aeronautical knowledge required to earn a multi-engine rating on your pilot certificate (The Pilot's Manual Series) in your phone, it could give you a way to get more close to the new knowledge or facts. The information and the knowledge you might got here is fresh from the oven so don't possibly be worry if you feel like an outdated people live in narrow village. It is good thing to have The Pilot's Manual: Multi-Engine Flying (Kindle edition): All the aeronautical knowledge required to earn a multi-engine rating on your pilot certificate (The Pilot's Manual Series) because this book offers for you readable information. Do you often have book but

you rarely get what it's all about. Oh come on, that won't happen if you have this with your hand. The Enjoyable option here cannot be questionable, such as treasuring beautiful island. So do you still want to miss the idea? Find this book in addition to read it from right now!
