In Search of Christian Unity: A History of the Restoration Movement Henry E. Webb

The decision to publish a revised and updated edition of *In Search of Christian Unity* was reached because the earlier edition was found to be a useful text and resource in numbers of college and seminary classrooms. All texts concerning historical movements and institutions that are of continuing significance and relevance need frequent updating, and it is hoped that the present work will fulfill this need for the Stone/Campbell movement, currently entering its third century. The author has been pleased by the positive reception accorded the earlier edition by historians and students in each of the three branches of the Stone-Campbell heritage.
