The New Experience of the Supersensible Jesaiah Ben-Aharon

According to the research of Rudolf Steiner, the greatest spiritual event of our time is the reawakening of the human being's supersensible relationship to higher spiritual worlds. The force that brings about this development is referred to in spiritual science as the "Christ Impulse." As a result of these new, naturally endowed supersensible faculties, human beings are increasingly able, to experience the mighty force of the Christ Impulse. In his book, Jesaiah Ben-Aharon seeks to build a bridge between the naturally given experience of the supersensible and its conscious cognition. As a result of such a connection "...empirical supersensible research can investigate the different aspects of Christ's etheric becoming and appearance in a way that, both methodically and experientially, fulfils the justified cognitive and scientific requirements of our age."
