La Revolución cósmica. Utopías, regiones y resultados, 1910-1940 (Spanish Edition) Alan Knight

Este volumen está conformado por cinco ensayos escritos a propósito del centenario del comienzo de la Revolución mexicana que estudian diversos aspectos y enfoques de la lucha armada de 1910. En ellos Alan Knight realiza una revisión del desarrollo de la historiografía sobre la Revolución mexicana; la existencia de corrientes utópicas que influyeron en los proyectos revolucionarios; analiza el papel que jugaron las unidades geográficas de la república en la dinámica interna del movimiento; compara el caso mexicano con las revoluciones francesa, rusa, cubana y china, y, por último, pone en la palestra la pregunta ¿puede considerarse a la Revolución mexicana como un éxito?
