Gardening organically outdoors is prevalent in most horticultural circles these days, but what about gardening indoors? Many gardeners still use harsh synthetic chemical fertilizers and pesticides when growing plants in their homes. How can we choose to eat organic foods, buy natural personal-care products, clean our indoor air, and yet still blast our poor houseplants with toxic chemicals? It is time to put down that spray bottle. Going organic with houseplants is not only possible-the results are amazing!

Author Julie Bawden Davis brings us *Indoor Gardening the Organic Way*, a definitive guide to growing houseplants organically. From the dirt on mulch to eco-friendly ways to handle plant pests, Davis has provided this essential resource for novice and experienced gardeners alike. When you learn the specialized rules of gardening organically indoors, you'll soon reap the benefits of robust houseplants that will impress visitors and make your indoor environment a healthier place to be.
