Motion picture producer Selena Ryan has the impossible: Fame and fortune and her integrity. Her reputation for playing fair in an industry rife with games has earned her respect from other producers, writers, and actors.

She's learned the lesson that plenty of people would like to use her to get what they want--a starring role or some other way into the movies. Most of them feel no obligation to return any favors she might give. Burned badly by actress Jennifer Lamont, who used her and left her with a devastating aftermath, she's wary of everyone related to the industry.

Surrounded by gatekeepers to keep the hopeful at bay, aspiring starlets have tried every trick in the book to make Selena's acquaintance. When Gail Welles literally lands in Selena's lap, she suspects another ploy. Jennifer's sudden announcement that Selena is still her one-and-only is equally ill-timed and suspect. Selena wants everyone to leave her alone, even if that means living without love.

*Lights, camera and action are the backdrop for this novel of taking chances by Golden Crown and Lambda Literary award-winning author Karin Kallmaker.*
