Analogie e connessioni (Italian Edition) Ivan Vantusso

In maniera semplice ma allo stesso tempo profonda conduce a sondare alcuni aspetti fondamentali dell'essere connettendo tra di loro concetti quali il linguaggio simbolico, l'inconscio collettivo e l'innata creatività dell'uomo.

Il percorso va man mano arricchendosi di vari concetti che uno alla volta s'incastano l'un l'altro in una logica inaspettata, alla portata di tutti, secondo la quale ognuno può limpidamente coglierne determinati significati evolvendo considerazioni secondo le proprie convinzioni e il proprio intuito.

Appoggiandosi ad alcuni concetti Jungiani e della dottrina Buddista, senza ricorrere a "ricette misteriose", cerca di far luce sulle motivazioni di fondo che più o meno inconsciamente sono i reali moventi di tutte le nostre più profonde volontà e inclinazioni.

Il testo è corredato da una serie di fotografie che l'autore ha ritenuto significative per questa pubblicazione.

In a simple way but at the same time deep leads to explore some fundamental aspects of the being, connecting each other concepts such as the symbolic language, the collective unconscious and the innate creativity of man.

The path is gradually enriched by various concepts that, one at a time, are fitted one to another in an unexpected logical, within the reach of all, according to which everyone can clearly understand certain meanings, evolving personal considerations according to his own convictions and intuition.

Basing itself on some concepts of Jungian principles and of the Buddhist doctrine, without resorting to "mysterious recipes", attempts to shed light on the basic motivations that more or less unconsciously are the real motives of all our deepest desires and inclinations.

The text is accompanied by a series of photographs that the author has considered significant for this publication.
