## **Collection Development in the Digital Age** Maggie Fieldhouse, Audrey Marshall

Development and management of library collections have changed rapidly in recent years. This collection explores evolving roles and ideas in collection development in the digital age. Real-life examples illustrate the current and future states of the practice. The guide is divided into four sections, looking at the conceptual framework of collection development with a literature review, trends in library supply such as outsourcing and managing suppliers, trends in electronic resources including open access and e-books, and managing your collection, with advice on engaging users.
