High Sierra of California, The Gary Snyder

Combining the dramatic and meticulous work of printmaker Tom Killion--accented by quotes from John Muir--and the journal writings of Pulitzer Prize-winning poet Gary Snyder, *The High Sierra of California* is a tribute to the bold, jagged peaks that have inspired generations of naturalists, artists, and writers.

For over thirty years, Tom Killion has been backpacking the High Sierra, making sketches of the region stretching from Yosemite south to Whitney and Kaweah Crest, which he calls "California's backbone." Using traditional Japanese and European woodcut techniques, Killion has created stunning visual images of the Sierra that focus on the backcountry above nine thousand feet, accessible only on foot.

Accompanying these riveting images are the journals of Gary Snyder, chronicling more than forty years of foot travels through the High Sierra backcountry. "Athens and Rome, good-bye!" writes Snyder, as he takes us deep into the mountains on his daily journeys around Yosemite and beyond.

Originally printed in a limited, handmade, letterpress edition, *The High Sierra of California* is now available in an affordable, full-color trade edition.
