Quebrada de Humahuaca, nature et culture (French Edition)

Sandra Figoni Prado

Quebrada de Humahuaca, nature et culture (French Edition) Sandra Figoni Prado

La beauté dans la Quebrada de Humahuaca est incommensurable. Chacun de ses segments : uniques. Dans une bande étroite de seulement 150 km de long, la nature dévoile toute sa complexité et sa subtilité, tandis qu'elle révèle 600.000.000 années d'évolution géologique d'un paysage étrange et sans précédent.

Aujourd'hui, la Gorge de Humahuaca est un foyer de traditions anciennes pliées sur la survie. L'homme arriva sur cette terre il y a environ 10.000 ans et lors d'un profond dialogue avec le paysage, il réalisa qu'il faisait partie d'un tout ainsi il construisit sa culture. Tout ce qui existe dans la vision du monde andin est vivant. Non seulement les humains, les animaux et les plantes, mais les rochers, les rivières, les montagnes, la foudre, le vent et tout le reste. La Culture andine est en interaction constante avec la nature qu'elle habite. Le paysage, l'histoire et le travail des hommes se combinent pour créer, au fil du temps, un patrimoine ancien et authentique.

En 2003, les caractéristiques exceptionnelles de la Quebrada lui ont valu la particularité d'être déclarée, par l'UNESCO, patrimoine et paysage culturel. Ce livre a pour but de présenter la relation entre l'environnement naturel et les caractéristiques des événements culturels de la Quebrada, d'atteindre une meilleure compréhension de cet ancien patrimoine et contribuer à enrichir l'expérience des touristes culturels. Et personnellement, ce livre est aussi, ma petite contribution pour toute la richesse vécue dans un merveilleux voyage qui a commencé il y a plusieurs années et qui perdure encore.
