**Educação permanente em saúde para os trabalhadores do SUS (Portuguese Edition)** Fernanda de Oliveira Sarreta

Neste livro são analisadas as experiências de educação permanente como estratégia para a formação dos trabalhadores da saúde e consolidação do SUS na região de Franca/SP. A investigação foi construída a partir das teorias da aprendizagem significativa que valorizam as práticas dos sujeitos sociais. Para compreender as contradições e os conflitos emergentes nesse contexto, foram utilizadas a abordagem qualitativa e as entrevistas semi-estruturadas. As falas desses sujeitos evidenciam a necessidade de formação e a disposição dos trabalhadores para rever conceitos e experimentar novas tecnologias com vistas à melhoria do atendimento. O trabalho apresenta uma contribuição na busca de alternativas para disseminar a educação permanente e a saúde como direito humano universal e integral.
