Fordismi: Storia politica della produzione di massa (Studi e ricerche) (Italian Edition) Bruno Settis

Il concetto di fordismo è venuto a designare di volta in volta un apparato di norme e criteri per l'organizzazione scientifica del lavoro, di tecniche per la produzione di massa, una cultura organizzativa della grande fabbrica, un processo omogeneo di governo della società industriale, fino a definire il compromesso sociale del secondo dopoguerra. Partendo da Henry Ford e arrivando a Gramsci, attraverso esperienze come quella italiana, francese e sovietica, il volume propone una complessiva storia comparata del fordismo, o meglio delle diverse idee e pratiche del fordismo che hanno permeato economia e politica nella prima metà del Novecento.
