For Phoebe Plumm, life in affluent Meridian revolves around trading pranks with irksome servant Micah Tanner, and waiting for her world-renowned father, Dr. Jules Plumm, to return home. Chief engineer for The Foundry, a global corporation with an absolute monopoly on metal production and technology, Phoebe's father is often absent for months at a time. But when a sudden and unexpected reunion leads to father and daughter being abducted, Phoebe and would-be rescuer Micah find themselves stranded in a stunning yet volatile world of living metal-one that has been ruthlessly plundered by The Foundry for centuries and is the secret source of every comfort and innovation the two refugees have ever known.
