An international collaboration between one of the original Japanese Pokemon creators and a veteran American comic book writer, the Pokemon comic strip follows a completely original storyline with more humor than the animated series or games. The happy result is a link between young Pokemon fans and adults interested in one of America's largest media phenomena. This collection includes both the daily black-andwhite strips and full-color Sunday comics and follows the adventures of Ash, Misty, and their friends, at home and on the road, in their quest to become Pokemon trainers.
