Chronicle of a Plague, Revisited: AIDS and Its Aftermath

Andrew Holleran

Chronicle of a Plague, Revisited: AIDS and Its Aftermath Andrew Holleran

Andrew Holleran's *Ground Zero*, first published in 1988 and consisting of 23 *Christopher Street* essays from the earliest years of the AIDS crisis, was hailed by the *Washington Post* as "one of the best dispatches from the epidemic's height." Twenty years later, with HIV/AIDS long recognized as a global health challenge, Holleran both reiterates and freshly illuminates the devastation wreaked by AIDS, which has claimed the lives of 450,000 gay men as well as 22 million others. *Chronicle of a Plague, Revisited* features ten pieces never previously republished outside *Christopher Street*, as well as a new introduction keenly describing and evaluating a historical moment that still informs and defines today's world—particularly its community of homosexuals, which, arguably, is still recovering from the devastation of AIDS.
