## **Out of My Mind** John Brunner

"One of the most important science fiction authors. Brunner held a mirror up to reflect our foibles because he wanted to save us from ourselves."

--SF Site

For each generation, there is a writer meant to bend the rules of what we know. Hugo Award winner (Best Novel, *STAND ON ZANZIBAR*) and British science fiction master John Brunner remains one of the most influential and respected authors of all time, and now E-Reads is pleased to re-introduce many of his classic works. For readers familiar with his vision, it's a chance to re-examine his thoughtful worlds and words, while for new readers, Brunner's work proves itself the very definition of timeless.

In *OUT OF MY MIND*, John Brunner, in mid-career, selects a double-handful and more of what he considers his best work to date, thirteen stories that represent--under the three categories in which he classifies them: Past, Present, Future--his most challenging and entertaining stories, from present-day fear of nuclear annihilation to a loving, yet also terrifying infinite loop in time that includes a sideways step outside the universe as we know it. Put yourself in the hands of a master and take your imagination for a series of thrill-rides.
