The Moral Center: How Progressives Can Unite America Around Our Shared Values

David Callahan

The Moral Center: How Progressives Can Unite America Around Our Shared Values David Callahan Nothing's the matter with Kansas: Americans voting their values are responding to a real moral crisis. And in this forceful follow-up to *The Cheating Culture*, David Callahan argues that the problems for most Americans are not abortion and gay marriage but rather issues that neither party is addressing—the selfishness that is careening out of control, the effect of our violent and consumerist culture on children, and our lack of a greater purpose. As Republicans veer into zealotry, liberals can find common ground with the moderate majority. But to alleviate the moral anxieties that drove GOP electoral victories they need a powerful new vision. In *The Moral Center*, Callahan articulates that vision and offers an escape from the dead-end culture war. With insights garnered from in-depth research and interviews, he examines some of our most polarized conflicts and presents unexpected solutions that lay out a new road map to the American center.
