The Studio Photographer's Lighting Bible Calvey Taylor-Haw

Lighting is a fundamental concern for the studio photographer, and *The Studio Photographer's Lighting Bible* explores lighting from every angle. This book explains all the commercial, practical, technical, and creative issues to identify how studio photographers can work successfully with other professionals and make the best and most creative lighting choices in their work. Interviews with lighting specialists from other disciplines, including theater, film, concerts, and galleries, as well as stylists, photographer's assistants, make-up artists, and picture editors, give the photographer innovative ideas and the understanding needed to work as part of a team. Case studies with showcase images and lighting diagrams, plus information specific to the main photographic market, make *The Studio Photographer's Lighting Bible* a must-have for every working photographer.
