!!WARNING!! While BANE is a Serious – MUST Read – for Horror and SyFy fans everywhere – because it is based on real time events (and not your usual monster, brain-eating zombie read with flying saucers or robots taking over the world) you might want to pass it up if you are the least bit squeamish, because you won't sleep well after reading it. But – if you're secure in the world you "think" you live in – by all means – read it! While BANE is a fictional allegory - the subject matter is NOT - which makes this book a terrifying read on so many levels! As you read (and the terror grows) you will try to take comfort in the fact that it's only a book/a short story novella (and too fantastic to be real) . . . even though your gut instinct is screaming - telling you that the best science fiction writer in the world couldn't make this stuff up - even if they tried! Our Guarantee to you - You will NEVER look at the world you live in the same way again! Still think you can handle the truth? Then – by all means – come on in! **CHOOSE THE RED PILL!** *** Preface Loose and free – that's how we like to think of ourselves living our lives. Freedom! In total control – living the good life in the good ole U.S.A. . . . but are we just fooling ourselves into an early grave? Are the monsters really "Out There" – OR – are they "In Here" . . . inside us?! But how did they get there? All you know is that you don't feel well – BUT – everyone tells you that "it's all in your mind" that "you're just imagining things" . . . so you go along with it, but you get worse and worse. Then, everyone you know starts getting sick and begin reporting odd symptoms, like: the feeling that they're being eaten alive (from the inside out!) Everyone begins to panic – while officials tell them not to – and by the time people learn the truth . . . it's too late! The characters in this book are based on real people (whose names have been changed to protect their privacy) – who got an unexpected wake-up call that nearly cost them their lives. (You don't live in the world you think you do, and the sugar-coated world of Disneyland doesn't exist . . . believe it!) But there's still time – you're still alive, but you must "Wake Up". Now! If you don't – The Walking Dead ARE among us – and they are YOU! !! Watch the Video !! <https://vimeo.com/143562089>
