Photoshop For Absolute Beginners - Learn The Basics Of Photoshop Today! Plus Latest Tips And Tricks!

This guide will take you from a complete photoshop novice to a competent photoshop editor. This eBook explains in straight-forward and down-to-earth language how to do several basic edits in photoshop, right down to where to find the relevant menu options and toolbars and what they look like. To start with you will learn how to upload an image, crop the image to the right size and straighten it to the right perspective. You will then start to discover the value of layers, through experimenting with color contrast and saturation. Next you will learn how to remove objects and items from your image. Finally, you will become familiar with how to alter camera focus, perspective and apply black and white effects and color tints to your images.
