The Word of the Lord Grows

Martin H Franzmann

The Word of the Lord Grows Martin H Franzmann

This book is a critical textual study of the origin, purpose, and meaning of the New Testament. It discusses biblical scholarship and authorship and proposes present day applications of biblical texts. The author places each New Testament book in its context, then provides a careful exegesis of the purpose and content of each book. Suggested readings begin each chapter and allow the Bible student to read through the New Testament as they read along in this book.
