## Another Production is Possible: Beyond the Capitalist Canon (Reinventing Social Emancipation: Toward New Manifestos)

This is the second volume, after *Democratizing Democracy*, of the collection *Reinventing Social Emancipation: Towards New Manifestoes*. Here, the author examines alternative models to capitalist development through case studies of collective land management, cooperatives of garbage collectors and women's agricultural cooperatives. He also analyzes the changing capital-labor conflict of the past two decades and the way labor solidarity is reconstituting itself under new forms from Brazil to Mozambique and South Africa.
