## **The Evolving World** David P MINDELL

Today, evolutionary biology is much more than an explanatory concept. It is indispensable to the world we live in. This book provides the first truly accessible and balanced account of how evolution has become a tool with applications that are thoroughly integrated, and deeply useful, in our everyday lives and our societies, often in ways that we do not realize. The Evolving World convinces us as never before that evolutionary biology has become absolutely necessary for human existence.
