**The Loonliness of a Deep Sea Diver: David Harrison Beckett, My Autobiography** David Harrison Beckett, Paul Zanon

Imagine living in a box at the bottom of the sea for a month at a time. Locked away in a saturation chamber, plumbed to depths of more than 500 feet, this has been David Beckett's love, life, and work for all his adult life. He brushed with death on more than one occasion—such as when called in to assist when the MS *Estonia* sank in the Baltic Sea in 1994 and claimed 852 lives. Among the depths of despair, there are lighter moments, including treasure hunting in the Philippines, almost clinching a contract to salvage the bursar's safe from the *Titanic*, and surviving a 24-hour typhoon which brought 80-foot waves crashing down on his boat. *The Loonliness of a Deep Sea Diver* is gritty, sometimes comical, and offers a unique glimpse into a life at sea, much of it at the bottom.

The inside or content will be fantastic as the outside or maybe cover. Your reading sixth sense will directly guide you to pick up this book.

#### **Alfredo Dunn:**

As a college student exactly feel bored in order to reading. If their teacher inquired them to go to the library or even make summary for some publication, they are complained. Just little students that has reading's internal or real their leisure activity. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading really. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this The Loonliness of a Deep Sea Diver: David Harrison Beckett, My Autobiography

can make you truly feel more interested to read.
