The Mysteries Ita Wegman

What is our anthroposophy other than a Mystery-knowledge bestowed on us anew by our teacher Rudolf Steiner? While the above words express clearly Ita Wegman's conception of the modern science of the spirit as the latest form of Mystery wisdom, the articles assembled in the present collection for the most part explore particular Mysteries of the ancient world to which she herself felt related. Her lively pieces masterfully draw out the significance of the present-day transformation of these Mysteries into anthroposophical knowledge and activity.
