Shooting Paddlers: Photographic Adventures with Canoeists, Kayakers and Rafters Toni Harting

Shooting Paddlers: Photographic Adventures With Canoeists, Kayakers and Rafters is the first book published anywhere designed to help all paddlers strengthen their ability to see, recognize and record meaningful images. It presents an original approach to the study of photography, concentrating on specific possibilities and problems unique to the paddling environment. Most of the 238 black-and-white and colour photographs are discussed through the presentation of one or several pictures on a page, each accompanied by an analysis that includes explanations, tips, recommendations and other useful background information. *Shooting Paddlers* provides a wealth of specialized knowledge, difficult, if not impossible, to find elsewhere.
