## **The Red Carpet** Lavanya Sankaran

Wry humor and a delicious grasp of the friction between generations in Bangalore are the hallmarks of Lavanya Sankaran's fresh, deeply nuanced debut collection. "A potpourri of beggars and billionaires and determinedly laid-back ways," Bangalore, India's own Silicon Valley, is a crucible for prosperity, and at the chaotic crossroads between past and present. Here, American-trained professionals like Tara return to their old-fashioned families with heads full of Quentin Tarantino dialogue; a successful entrepreneur is shaken when his partner suddenly reneges on their plan to return to America; a traditional Indian mother slyly circumvents her Western-educated daughter's resistance to marriage; a neighborhood gossip is determined to discover what goes on behind the closed curtains of the hip young couple across the street; a chauffeur must reconcile his more orthodox credos with his employer's miniskirt lifestyle.

Witty, affectionate, and wonderfully wise, Lavanya Sankaran's first collection attests to her remarkable literary talent.
