Wirtschaft am Rohstofftropf: Der Kampf um die wichtigsten mineralischen Ressourcen (German Edition) Günter Pilarsky

In seinem Buch zeigt Günter Pilarsky, ein global aktiver Insider und einer der wenigen großen deutschen Minenbetreiber, worum es bei dem Thema Rohstoffsicherung wirklich geht, wie erfolgversprechende Vorgehensweisen aussehen und welche Forderungen an Politik, Interessenverbände und die gesamte Gesellschaft zu stellen sind. Dabei verzichtet er bewusst auf die Betrachtung der fossilen Energieträger, da diese nicht zu seinem Geschäftsfeld gehören und über deren Zukunft schon viele Bücher geschrieben wurden. Auch spezielle Wege der Rohstoffgewinnung, wie die Erschließung von Rohstoffquellen in der Tiefsee oder in den polaren Regionen, die in noch ferner Zukunft liegen, werden in diesem Buch am Rande allenfalls erwähnt. Ergänzt werden die Ausführungen von Statements und Kurzinterviews ausgewählter Experten aus Wissenschaft und Wirtschaft, welche die einzelnen Kapitel fachlich und sachlich vertiefen. Dazu dienen auch Fotos und Informationsgrafiken, die den Text ergänzen. Günter Pilarsky meint: Wir haben keine Wahl, sondern müssen uns jetzt dem Kampf um Rohstoffe stellen, wenn wir in Zukunft nicht zu den Verlierern gehören wollen.?
