Magia con esponjas (Spanish Edition) Ricardo Marré

La magia que utiliza el falso pulgar es de las más antiguas y, sorprendentemente, actúa como una "serpiente de verano" aparece y desaparece periódicamente. Así, en los años sesenta en España no lo utilizaba nadie, aunque todos los magos tenían alguno de ellos en algún rincón de un cajón olvidado. Lo más llamativo era, que Carlos Bucheli, que regentaba el conocido "El Rey de la Magia" no se cansaba de fabricar, explicar y vender un clásico del falso pulgar: el cigarrillo encendido que desaparece dentro de un pañuelo . . . y sin quemarlo. Falsos pulgares metálicos, toscos . . . pero que en sus manos era una maravilla, un auténtico espectáculo de magia de cerca. En Barcelona, en los años mencionados (1960 d.C) el mago "Màgic Andreu" lo puso de moda con su versión del pañuelo que desaparece y cambia de color. No hubo mago que se preciara de tal, y en aquellos lares, que no presentara tal efecto (en competencia con el menos conocido, y más sofisticado, "manicolor") Mi labor en este libro ha sido la del recopilador de los principios más elementales que hacen referencia al falso pulgar, sistematizarlos con un orden lógico, y escoger una serie de variados trucos con los que se puedan practicar las técnicas que se explican. No he inventado nada. Es un libro sencillo, elemental, con el que las nuevas generaciones de magos puedan adentrarse en el maravilloso y mágico mundo del falso pulgar (que puedo aseguraros que está ansioso que alguien profundice y saque a la luz los maravillas que encierra el falso pulgar) Así nació este libro, el "A, B, C . . . del falso pulgar" que espero se útil a todos. Y si, gracias a él, algún veterano se anima a sacar el polvo de su viejo falso pulgar y decida asombrar a sus amigos con la magia que encierra, me daré por satisfecho.
