Over 200,000 men are diagnosed with prostate cancer in the United States each year. Nearly 30,000 men will die each year from prostate cancer. Some of those who die may have instead been cured had they been screened. Euvon and Janet Jones wanted to chronicle their journey to encourage every man, for the sake of everyone who loves that man, to take an alternate road when it comes to their health. Read their story; then, see a doctor.
